

**St Mary's C of E Primary School, Writhlington**  
*'Inspiring Learning Together'*  
**Scheme of Work + Knowledge Organiser**

**Autumn Term 2 & Spring 1 - Animals Including Humans**

**The Learning Journey:**

1. Can you draw your body and label the body parts?
2. Can you say which part of the body you use for each sense?

*Investigation*

3. Can you use your senses to find out what the items are?
4. Can you name 5 animal groups?
5. Can you identify and sort animals into their correct groups?
6. Can you name a range of different animals and talk about their body parts?
7. Can you sort animals by what they eat?
8. Can you identify features of different animal groups?
9. Pop Task!

**Wider Curriculum** (Cooking, trips, outdoor):

**National Curriculum Knowledge outcomes:**

- Identify and name a variety of common animals including fish, amphibians, reptiles, birds and mammals
- Identify and name a variety of common animals that are carnivores, herbivores and omnivores
- Describe and compare the structure of a variety of common animals (fish, amphibians, reptiles, birds and mammals, including pets)
- Identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense.

**Key Vocabulary:**

Spelling	Definition/Sentence
<b>Sight</b>	Your eyes let you see all the things around you.
<b>Hearing</b>	Your ears let you listen to all the things around you. Your brain is able to tell what different sounds are.
<b>Touch</b>	Your skin gives you the sense of touch. You can tell if something is warm, cold, smooth, or rough without even looking at it!
<b>Taste</b>	Your sense of taste comes from your tongue. You can tell if something is bitter or sweet. You might have some tastes you like and some you don't.
<b>Amphibians</b>	Amphibians live in the water as babies and on land as they grow older. They have smooth, slimy skin.
<b>Birds</b>	All birds have a beak, two legs, feathers and wings.
<b>Fish</b>	Fish live and breathe under water. They have scaly skin, fins to help them swim and they breathe through gills.
<b>Mammals</b>	Mammals are animals that breathe air, grow hair or fur and feed on their mother's milk as a baby.
<b>Reptiles</b>	All reptiles breathe air. They have scales on their skin.
<b>Carnivore</b>	Animals that mostly eat other animals (meat) are carnivores.
<b>Herbivore</b>	Animals that only eat plants are herbivores.
<b>Omnivore</b>	Animals that eat both plants and other animals are omnivores.
