

Key Instant Recall Facts

Year 4

Summer Term 1

I can recall the multiplication and division facts
for all times tables up to 12×12 .

By the end of this half term, your child should know the following facts.
The aim is for them to recall these facts **instantly**.

x	1	2	3	4	5	6	7	8	9	10	11	12
1	1	2	3	4	5	6	7	8	9	10	11	12

Top tips for learning at home

The secret to success is practising little and often. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey? You don't need to practise them all at once: start with tenths before moving on to hundredths. If you would like more ideas, please speak to your child's teacher.

Speed Challenge – Take two packs of playing cards and remove the kings. Turn over two cards and ask your child to multiply the numbers together (Ace = 1, Jack = 11, Queen = 12). How many questions can they answer correctly in 2 minutes? Practise regularly and see if they can beat their high score.

Online games – There are many games online, which can help children practise their multiplication and division facts. Try <https://www.topmarks.co.uk/maths-games/hit-the-button>

Key Vocabulary

What is 12 **multiplied by** 6?
What is 7 **times** 8?
What is 84 **divided by** 7?
