Fortnight

It has come to our attention that children, as young as four years old, are playing **inappropriate games**, at home. PEGI have stated this is due to the: '**frequent scenes of mild violence**'. Fortnite is not suitable for persons under 12 years of age'. This PEGI rating only takes into account the content in the game and not the **contact** element, where players may be exposed to swearing and offensive language from strangers in voice or on-screen text chat.

Please read advice from Childnet or other on-line internet safety guidelines when making decisions around gaming or internet usage at home.

Newsletter by email

Please contact the office, by email or phone, should you prefer to receive this newsletter by email. This would gratefully reduce the cost of photocopying and be a small step in helping the planet.
